

*Resolution Recognizing
30 Years of
EMD Utilization at SRFECC*

Whereas, since December 1987, the Sacramento Regional Fire/EMS Communications Center has utilized the International Academy of Emergency Dispatch - Medical Priority Dispatch Systems for Emergency Medical Dispatch (EMD), and

Whereas, SRFECC Dispatchers utilize the Emergency Medical Dispatch system for the purpose of providing specialized interrogation of 9-1-1 callers, prioritization of emergency medical aid calls, and providing pre-arrival instructions in order to minimize the risks faced by field personnel and enhance the quality of patient care, and

Whereas, SRFECC Dispatchers have utilized the Emergency Medical Dispatch system to dispatch over 3,000,000 medical incidents since 1987, and;

Whereas, SRFECC Emergency Medical Dispatchers have confirmed over 1,500 lives saved through the proper and effective use of EMD and 9-1-1, and;

*Now, **THEREFORE, BE It Resolved** that SRFECC hereby recognizes our Dispatchers and their outstanding EMD performance in the business of saving lives.*

*Adopted in Sacramento, California this 11th day of
December, 2017, by the Board of Directors.*
